COLPOSCOPY WORKSHOP**

KMC

ACCREDITED

**DATE AND TIME:** 31<sup>ST</sup> MAY 2026, 8:30 AM-4:30 PM

**VENUE:** RAMAIAH ADVANCED LEARNING CENTRE,  
GNANAGANGOTRI CAMPUS, MSR NAGAR, BANGALORE-  
560054

## PREAMBLE

Join us as we move from awareness to action, making early diagnosis and better prognosis. Not just a possibility, but a promise. We are pleased to invite you to a distinguished WORKSHOP ON COLPOSCOPY, designed to offer both foundational knowledge and advanced perspectives in the practice of Colposcopy. In alignment with the WHO's Global initiative to "Eliminate Cervical Cancer by 2030", this workshop will feature expert- led discussions and live demonstrations by leaders in the field. Just as the stethoscope is central to a physician , the Colposcope is an indispensable instrument for the gynecologist - pivotal in the early detection and prevention of cervical cancer. Lets take a step towards transforming cervical cancer from a fatal diagnosis to preventable condition.

## INVITATION

Welcome to our Colposcopy workshop!

In India, cervical cancer is the most common female- genital tract cancer, killing 1 woman every 8 minutes. Adequate awareness and regular screening have brought down the prevalence of cervical cancer. Our workshop aims to sensitize the fraternity on cervical cancer, which is a totally preventable disease. We invite you, to avail this opportunity, get trained and play a pivotal role to reduce the prevalence of cervical cancer in India.
